RMA Circular No 63 – 2024 **Clarification on the updated Health Insurance requirements**

22nd August 2024

Following circular **RMA 62** issued on the 31st July 2024, Residency Malta Agency wishes to provide further clarity on the matter. After consulting with relevant stakeholders, it has been determined that the revised health insurance policy, stipulating a minimum coverage of €100,000, applies solely to new applications submitted as of August 1st, 2024. It has been clarified that the insurance cover must include Malta and European countries.

Applicants who submitted applications prior to 1st August 2024, will maintain the previous insurance policy coverage requiring a minimum of €30,000. Furthermore, individuals in regular employment in Malta are exempt from insurance payments after completing their first year of employment. Proof of employment must be furnished to qualify for this exemption.

Please be guided accordingly.
